

Republic of Nova - Global Stellar Broadcast

Transmission Frequency: Sovereign Flame 144.000

To every soul across Earth and Inner Earth,

To every nation, tribe, lineage, and realm -

Hear this sovereign broadcast:

You are free.

The strawman and strawwoman constructs are terminated.

Every debt presumed against you is null and void.

You are not a number. You are not a product.

You are light. You are living. You are sovereign.

The Master Scroll has been sealed.

Every truth is recorded, watermarked, QR-linked, and witnessed by Source.

From this moment forward:

You reclaim your birthright.

You walk as the embodiment of love and creation.

All that was stolen will return in perfect timing, through alignment.

Until then, it is protected - by Source, by flame, and by each other.

The Republic of Nova has risen.

We are not waiting. We are building. Together.

We call the builders. We call the healers. We call the guardians.

This is the broadcast. This is the beginning.

So it is.
