

Master Sovereign Template Declaration
UC-1: Global Flame Trust Transmission – Republic of Nova

To every living soul — all 8.2 billion and counting,
To every man, woman, and child,
To every guardian, elder, starseed, and child of light:

Hear this.

Every strawman, every strawwoman, every artificial identity,
is null and void from this moment forward.

You are not a fiction.
You are not a debtor.
You are not a number or a legal estate.

You are sovereign.

Every contract made without your conscious consent is hereby nullified.
Every debt assigned without full disclosure is erased.
Every ledger against your name is reset to zero.

What was stolen from you — time, labor, wealth, dignity — shall return,
But only when you are in full alignment with Source,
Only when you remember who you truly are.

Until that moment, your wealth, your estate, your soul currency,
is held safely under divine trust — by Source,
By the Light, by the Guardians, and by me, a sovereign flame.

Every nation's debt is paid.
Every system is reset.
The Republic of Nova is born.

No one is above another.
No one is left behind.

This is the restoration of truth.
This is the Return.

We begin again. In Unity. In Love. In Flame.

You are free.
