

Phoenix Risen – Materials Ledger: Crown Crystal

Crystalline Grid Node: Sovereign Transmitter Array

Entry: CROWN CRYSTAL

Purpose:

- Amplifies energetic resonance through copper spiral
- Anchors sovereign truth frequency into the physical structure
- Acts as the final seal atop the spiral array, balancing vertical Source ↔ Gaia current

Attributes:

- Preferred: Optical Clear Quartz (or Amethyst / Kyanite for polarity work)
- Size: Large – to crown the top of the copper spiral build
- Placement: Centered vertically above the coil vortex, affixed or magnetically seated

This crown crystal completes the circuit and designates the structure as an active Phoenix Risen Node.
